Part - 6: Compliance status of 'Quality Assurance Guidelines of Learning Material in Multiple Media, Curriculum and Pedagogy' – As per Annexure - VII of UGC(ODL) Regulations, 2017:

HEI shall mention compliance details against the requirements in terms of Learning material (Print Media), Audio-

Video Material: Quality Standards, Online Material: Quality Standards, Computer-based material: Quality Standards and Curriculum and Pedagogy: Quality Standards, as mentioned in the Annexure-VII of the Regulations.

Compliance for Learning Material (Print Media): All the Self Learning Materials (SLM) developed by Gauhati University IDOL, comply with the each and every point [from 1(a) to 1 (k)] as mentioned in the Annexure VII of the UGC (ODL) Regulation 2017. The following guidelines are issued to the team involved in the production of the SLM. 1. The materials should be self explanatory, self contained, self-directed, self-motivating and self-evaluating. 2. It should contain examples, illustration, self assessment tests, summary and key points. 3. Based on the work done by researchers in the field, it has been found advisable to avoid writing long narratives. The writer should begin by writing the material, stop, read the material, and then introduce a 'break' where more explanations are needed. Where such 'breaks' are entered, a 'box' detailing related points can be drawn. 4.a. In keeping with the above, please keep a 'box' on almost every page to the extent possible. 4.b. Boxes' headed " Stop to Consider" lead the students to more subtle, difficult points. These boxes may be included in the text as frequently as desirable. 4.c. Boxes' with "SAQ" (" Self Assessment Questions") are designed to activate the student's curiosity regarding the topic; the answers to these questions may have to be sought outside the material. Hence, please include a few SAQ's. 4. d. Boxes with "Check Your Progress" contain questions which should be Formal, 'examination'-type questions. This is a device to prepare the students for facing examinations. Hence, please include a few such boxes. 4.e. 'Boxes' which have no headings contain extra, or wide - ranging information. The principle behind this is that the students should use such knowledge to explore more areas by doing library-works. 4. The Self Learning Material shall be designed with the approach of two-way communication between the learner and content. 5. There shall be clear definition of learning objectives and outcomes. 6. It will be of great help to the student if the writer can add a final section, "Discussing A Question", which 'solves' any 'Check Your Progress' question given in the Unit. 7. The writer should give a comprehensive Reading List/Suggested Reading List at the end of every Unit, as possible. 8. The content of Self Learning Material shall be developed with dialogue and personal system of writing method which will create the nature of interactivity in Self Learning Material. 9. Writers should consult GUIDOL editorial staff in case of doubt. 10. The SLMs should have an assignment on each learning objective for self assessment 11. Special Note: Plagiarism should be scrupulously avoided. Writers should indicate their sources, wherever possible. In addition to the above, all the SLM's produced by GUIDOL are its own publication and all the contents are checked and edited by senior academicians of the specific domain, before publishing. Again, as a best practices, GUIDOL checks plagiarism of all the content through www.arkund.com. Units which do not conform the plagiarism norms are sent back to the author.
